

Image Capture - Ver 6.1 Setting Preferences - Part 2

Now you need to tell Image Capture when you want to save your images.

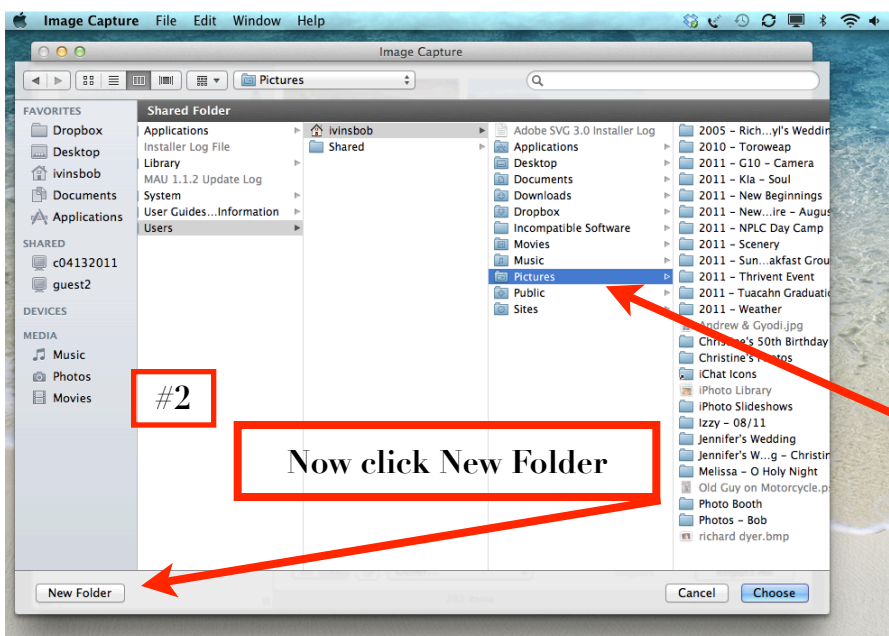

I like to save my Images in my Pictures folder by Year and Subject.

From this pull down menu you can select where you want to save you images.

You have the option to create New Folders within your Pictures folder.

I am going to create a New Folder titled "2011 - Texas within my Pictures folder.

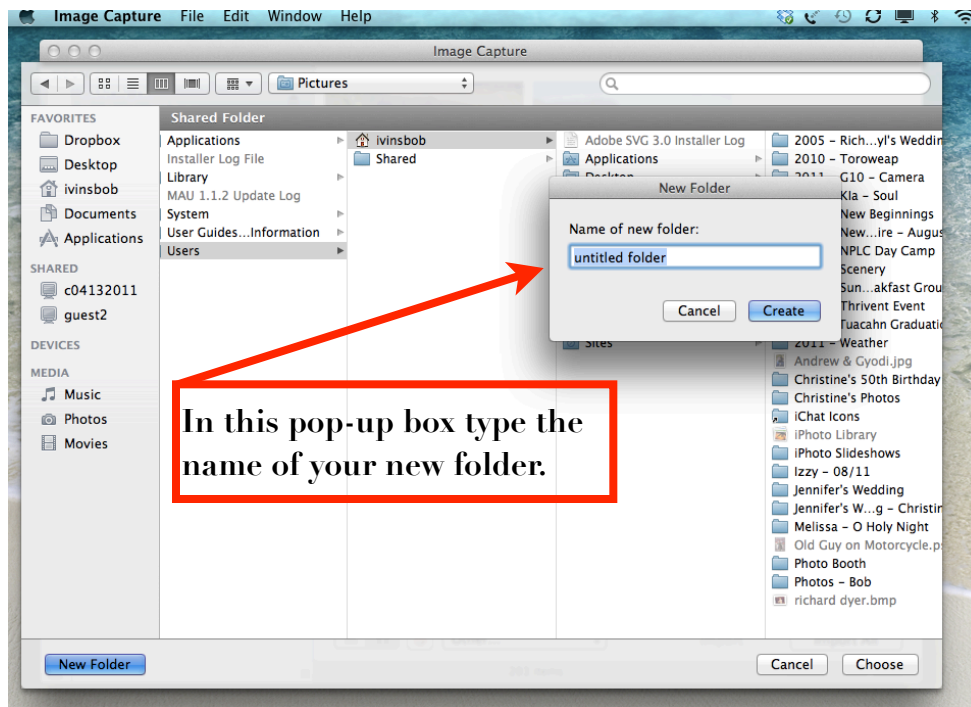

#1

Highlight:
Pictures Folder in your
user folder.

#2

Now click New Folder

Image Capture - Ver 6.1 Setting Preferences - Part 2

I called my folder "2011 - Texas - October"
